The Minuteman Foundation, Inc. is a non-profit public benefit corporation dedicated to improving the quality of life in the senior community. Last year the Community Service Club of Sun City Anthem responded to over 3000 requests for assistance. Services included providing temporary, non-medical health assistance, limited home maintenance assistance (changing light bulbs, adding salt in water softeners), transportation services, loans of mobility equipment and funding for SCA support groups. As it enters its fourth year, the Foundation plans to continue its funding commitment and to develop communication enhancements to insure the safety, security and independence of the senior community at Sun City Anthem.
